Who Is This Product Designed For?

- Investors with a Balanced risk profile (Risk Score 5-6).
- Investors seeking a single, professionally rebalanced multi-asset solution.
- Investors comfortable with moderate volatility in exchange for growth potential above pure fixed income.

Key Risks

- Market risk: both equity and bond components can lose value, sometimes simultaneously.
- Asset allocation risk: fund performance depends on the Manager's tactical allocation decisions.
- Interest rate and credit risk from the fixed income sleeve.
- Not capital guaranteed and not a deposit; not covered by SDIC.
