Who Is This Product Designed For?

- Investors with a Cautious to Balanced risk profile (Risk Score 3-6).
- Investors seeking a regular income stream with lower volatility than equities.
- Investors who can accept modest price fluctuation from interest rate movements.

Key Risks

- Interest rate risk: bond prices fall when interest rates rise; duration of ~5-7 years means moderate sensitivity.
- Credit risk: possibility of issuer downgrade or default, though holdings are investment-grade.
- Currency risk: unhedged share classes are exposed to USD movements against the investor's base currency.
- Not capital guaranteed and not a deposit; not covered by SDIC.
