Fund Fact Sheet — as at 31 August 2026

Document Code

FS-MMF-SG-002

Classification

Internal Use Only

SUMMARY RISK INDICATOR

1 / 7 — LOW RISK

Capital Preservation
Objective

Fund Objective

The Fund aims to provide capital preservation and stable, modest income by investing primarily in short-duration Singapore and Asian government securities, high-grade corporate bonds, and money market instruments with a weighted average maturity of less than 12 months. The Fund is designed for investors seeking liquidity and low volatility rather than capital growth.

Who Is This Fund Designed For?

- Investors with a Conservative to Balanced risk profile.
- Investors seeking capital stability and liquidity over growth.
- Suitable as a cash-management or short-term holding vehicle.
- Available to Retail Investors; no accreditation required.

Key Risks

- Interest rate risk: fund value may fluctuate modestly with short-term interest rate movements.
- Credit risk: issuers of underlying bonds and deposits could default, though holdings are investment-grade.
- Currency risk: applicable only to non-base-currency share classes.
- Not principal-guaranteed and not a deposit; not covered by the Singapore Deposit Insurance Corporation (SDIC).
